DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on March 19, 2007 has been entered.

Election/Restrictions

2. The amendments to independent claim 1 have caused it to be directed to an invention that is independent or distinct from the invention originally claimed for the following reasons: the claim recites a first gain equalization filter portion, and a *second equalization filter portion*, both coupled to (at least one) a gain portion. This is incompatible with applicant's species election made Sept. 13, 2006 of a first gain equalization portion, coupled to a gain-equalizing filter portion, coupled to a *second gain section* (as in Fig. 1); see Final Rejection mailed Oct. 17, 2006, p.2, lines 1-5. New claims 47-54 are also directed to an invention that is independent or distinct from the invention originally claimed for at least their dependence on claim 1. The general policy of the Office is not to permit an applicant to shift to claiming another invention after election is made and action given on the elected subject matter; even a Request for continued examination does not allow such a shift. MPEP 819.

Therefore, the amendment filed on March 19, 2007 presenting only claims drawn to a non-elected invention is non-responsive (MPEP § 821.03). Since the above-mentioned amendment appears to be a *bona fide* attempt to reply, applicant is given a TIME PERIOD of ONE (1) MONTH or THIRTY (30) DAYS, whichever is longer, from the mailing date of this notice within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD UNDER 37 CFR 1.136(a) ARE AVAILABLE.
